

## Top links

### [Experimenting during Field Day 2024](#)

Running solo for Field Day in the backcountry of Kananaskis Country.

[VE6LK](#)

### [Amateur Radio for aspiring professionals](#)

So much of what I do in other classes is coding on a computer, which made the hands-on aspect of this class very appealing.

[Carnegie Mellon University College of Engineering](#)

### [Here's how Starlink satellites weathered May's major solar storm](#)

The average Starlink user experienced less than one minute of disruption.

[PCMag](#)

### [Decoding Meshtastic with GNU Radio](#)

The GNU blocks send and receive data via TCP port, so using the radio as a data connection is simple.

[Hackaday](#)

### [Lithium batteries: Where we came from, where we're going](#)

Lithium batteries have changed the world the same way transistors did back in the 1950s and 1960s.

[Off Grid Ham](#)

### [Meme Appreciation Month is on the air](#)

A way to spread joy & cheer to all the good little hams on the RF spectrum.

[Meme Appreciation Month](#)

### [APRSDroid and dual port Direwolf](#)

Running a Direwolf instance with two ports (VHF and HF) on an Orange Pi Zero.

[F4FXL](#)

### [CQ CQ](#)

Ham Radios are an extremely complex hobby.

[The North Star Monthly](#)

### [World Radio History](#)

## Video

### [Field Day 2024 at Blue Mountain Park](#)

The Coquitlam Amateur Radio Club was joined by the New Westminster Amateur Radio Club and the 39 signal regiment.

[Coquitlam Amateur Radio Emergency Services Society](#)

### [Build a Raspberry Pi Pico APRS tracker](#)

Use a Pi Zero, a Digirig Lite, and a Baofeng to build an APRS tracker.

[KM4ACK](#)

### [SDR: View all HF bands at the same time](#)

Receiving 64 MHz of bandwidth using the RX888 Mk2 SDR Receiver and SDR Console.
